Cherry Candy Cane Potholder

A Knitting Pattern

by Liz Chandler @PurlsAndPixels

Size

10 inch by 10 inch square

About this Pattern

This extra-thick, oversize potholder is made by doubling up strands of super bulky yarn. When using a self-striping yarn, as recommended, make sure you use a single dye lot and line up the striping colors before you begin knitting. Using two skeins from the same dye lot ensures you will have enough yarn for a complete square; however, you may try dividing one skein equally in separate balls. Shown in the color “Hudson Bay,” this quick knitting project is reminiscent of cherry candy canes. It can make a fun holiday piece, but is subdued enough to be used year-round.
